

Comcast Shareholder Meeting Question

After days of looting and riots which saw hundreds of buildings burned to the ground in Minneapolis – actions which were tacitly endorsed by so-called journalists at MSNBC – MSNBC host Ali Velshi seemed to be disappointed when tensions began to cool. While live on air, he exclaimed, “for better or worse, it seems much more calm in Minneapolis tonight.” That’s appalling. At the same time, MSNBC host Hallie Jackson continues to give cover to the domestic terror group Antifa, which has infiltrated protests across the nation to cause racial division and mass property damage, including damage to churches and synagogues. Does Comcast as a whole entity support Antifa, or just the talking heads at MSNBC?
