

**Coca-Cola Shareholder Meeting Question**

The Coca-Cola Company is a platinum partner – the highest level of corporate sponsorship – of the Human Rights Campaign (HRC), which has lobbied ruthlessly against Florida’s anti-grooming legislation preventing teachers from speaking to children as young as 4 years old about sex and sexuality. In sponsoring HRC, Coca-Cola is then, in effect, using shareholder assets to fund efforts to indoctrinate young children with radical gender ideology.

Do you believe it’s acceptable for teachers to discuss sex with young children? If not, will you end Coca-Cola’s sponsorship of HRC?
